60 DAYS PAST

SATURDAY

297 TO COME

The Germicidal Power of the Blood,

in the final analysis, is dependent upon its hemoglobin content. By encouraging and aiding the formation of functionally active, oxygen-bearing hematin, **Pepto-Mangan (Gude)** places the depleted organism in a better position to withstand constitutional infection.

Weather

Temp.

A terrible day & east wind blowing something terrible to night & snowing & hailing. Aleta & Mrs Owstrander was over for dinner but got tired of their journey home. Little John can roll over & is as cute as a kitten. John went with Albert to a sale on the old Dan & Co. Glennan place. Girls & I did the chores even did them in a much worse storm.
