

February Thursday 3 1927

Had another ride behind "Dollie" in the milk wagon when we paddled some more "Golden Greeneries" in the town of Paris. Saw Jean and Louis' car for a few minutes when I was in the Bank of Commerce.

Friday 4

Roscoe and I drove his coupe to a U. F. Y. P. O. club meeting in mass school. Mostly a business meeting. Took part in an impromptu debate. Resolved that the automobile is a curse instead of a benefit to humanity. I was on the affirmative and we won.

Saturday 5

Drove coupe to town right after dinner, met Dad, Mabel and Jean and we went to Bradford. Dad gave Mabel and I a cheque for \$67.00 for part of my wedding costume. Jean bought a new coat for me and we had a busy day looking at dresses, gifts and buying a wedding ring. My first days shopping with Jean was a wonderful one. Arrive home at night.

February Sunday 6 1927

Waking in the morning so took the team and sleigh and made great time. Busy afternoon with my books and in the dairy. Left here at 5:45 to go up to Paris for tea. After we washed the dishes we drove up home for a while. Home in good time after a pleasant evening with Jean.

Monday 7

Ernie Cochran went with me on the milk route when we drove the team. He received his initiation when he fell three times as it was very slippery. It was a busy day for me explaining things to the new milkman. Got a lot of teasing from some of the customers when I introduced my successor.

Tuesday 8

Ernie and I took the team again and made better time peddling milk. At night Roscoe, Ernie, and I rode to town in the coupe and attended an interesting "Father & Son" Banquet in the Community Hall. Called at Dr. Muro's on way home and got my wart doctored.
