

July, 1926.

18 Friday. Lovely day.

We went to church & School this morning. The Men's Glee Club of North-Central College, Naperville, Illinois gave a service of song which was wonderful. We went to Grandma Knauter's for dinner & supper.

19 Monday. Dull day. Thunderstorms and rain this evening. Vernon was raking this morning and Walter was cutting.

Aubrey helped draw in hay at Ernie's till now. They brought in 3 loads of raking here this afternoon. We wanted to go to Kitchener tonight to hear the Glee Club again but couldn't on account of the rain.
