Thursday, April 9

100 DAYS PAST

266 TO COME

March 17, 1907.

Dr. Chas. R. Buck, Cincinnati, Ohio, says:

"I have used Pepto-Mangan (Gude) in a large number of cases. I have found it especially valuable as a reconstructive tonic in convalescence and in wasting diseases, and as a general tonic for the aged. I shall continue to prescribe it."

A fine day but windy & rather cold. I washed & ironed the clothes that I washed & nurse ironed those I washed Monday. Albert & John was cleaning up seed oats for us & for Albert. Eugene was over for dinner & brought a little ham for the girls. Then he went to Aymer. Old Star came in today.
