216 DAYS PAST

SATURDAY

150 TO COME

March 26, 1907.

Dr. C. E. Pfeifer, Columbus, Ohio, says:

"I am using Pepto-Mangan as an iron tonic in the treatment of tuberculosis, where digestion is impaired, and other preparations are not tolerated by the patient. I am getting the desired results from the Pepto-Mangan."

Time Mr Young was
here helping draw hay
all day, & his & I went
to Aymer this evening
Maude & I put more
supers on the hives, one
bee stung me on my
first finger & it did
hurt never had a bee
sting hurt so much
