July,

WEDNESDAY, 15.

1857.

working at Anuskoka Road Plan
in the forenoon - afternoon doing nothing
at night took observation of Polaris on
line bet 23+24 1st on York
finished at 12.00 - Midnight

MONDAY, 13.

in forenoon plotting lines of Anuskoka Road
in afternoon went with Munwin to trace
out Townline across 1st on York & take
observation of North star Jack came
along about 11.00 P.M. to help. when he laid
down and went to sleep. consequently we
of a great deal of help. (over the left)
staid out all night

TUESDAY, 14.

went to work as soon as we could
see and finished tracing out Townline
then walked into town arrived about 9.00
A.M. got breakfast and went to sleep
slept till noon - after dinner went to
office - working at Anuskoka road
plan

THURSDAY, 16.

started to run line bet 23+24 - but
commenced raining - in office all day

FRIDAY, 17.

with Mr Munwin & Jack started line
bet 23+24 then Jack went to office
Munwin & I. with poles in it then, then
proceeded from it to W. City limit on
North City limit
