204 DAYS PAST

Tuesday

162 TO COME

**Nose and Throat Aphorisms.**

In chronic laryngitis and pharyngitis, look for atrophic rhinitis, as this latter trouble is frequently the cause of the two former by reason of the fact that the inspired air not being properly moistened in the nose absorbs the moisture from the pharynx and larynx, thereby causing a constant irritation. Any nasal obstruction may cause the same condition by forcing the patient to breathe through the mouth.—  
*Med. Council.*

Weather

a warm day

Temp.

I washed Maude & Kelba  
went to Aymer early for  
to get Billy shoes & do  
numerous other things.  
Cecil was over a little while,  
with his new car. The  
girls made a rabbit-  
pen or box John worked his  
summer plow
