

February, 1926.

27 Saturday. Clear and very cold. Walter left after breakfast and took a load of grit to Floradale but they had a breakdown there so he had to go on to Elmira with it. The snow-banks around the buildings here are higher than they've ever been since we moved here. This p.m. Vernon shovelled away some snow

and dug some horse-radish and
it sure tasted good for supper.

28 Sunday. Not quite so cold.
Snowflurries. We went to Woolwich
church and S. School where Mr. Lee
of Toronto gave us a good temperance
address. Mr. & Mrs. Allen Wagner
and children, Beatrice and Mabel
were here for dinner.
