

apt. This afternoon Dad & I cleaned up the barn
I telephoned Muston this morning to ask if he
why the last road cheques hadn't come yet and
if they had gone through his office so I called up
and he said they were mailed on Monday but they
come again to-day so I don't know what to make
Muston said when I asked him what the
was down here that he just thought it was
make a change and when pinned down said
the teams weren't making enough trips. Still find^{mill}

day November 5th

Aunt Alice's birthday and we had intended
down but it has rained all day a fine drizzle
strong south west wind but not cold. I
in day painting storm windows in the cellar
to sort out some apples for Lennie. I ma ha
for three days and I drove her home to-night before
& Mary have the house spick & span. Their most
scular achievement having been the cleaning of the
hands & pendulum of the clock but the treatment seems
been too drastic as it has gone only spasmodically since.
use was held up ^{night before last} last night on her way home through the
and robbed of \$5.00 all she had with her

Friday November 6th

Dad. come over to-day with little Joe & old Charlie
me haul in the corn stalks. We put part of them in
and part in two big shocks back of the barn.
get the ones that were on the strip out by Willie
I started to make another shutter for the pen
Dad. come the morning and I put the stor
on the kitchen & nursery this afternoon after
washed the outside of the windows so was on
the others on although they should have had an
of paint. It has been another Indian Summer

rough night
no frost

Saturday November 7th

I did up all the chores this morning and
out the school house, then finished me
the porch that I started yesterday. It was we
and before noon began to rain and ha
after noon and evening. We intended
some groceries and when it began to ra
but Mary thought of telephoning so I
and asked Jackson's to send what we
Auntie's, Mary was nearly out of condensed
on Monday will be a holiday did it was
I spent most of the after noon out
