

March Wofford March 24th 1893

24 Henry and I chopped wood
back of the house. Cold day.

25 Finished cutting wood
in the forenoon and in
the afternoon went to the
station. Cold and cloudy.
26 Rosa and I went up to
Uncle Harrison's visiting.
Stormed like fury all day
and was the biggest storm
this winter.

27 Beautiful day. Buried
Bill Graham's youngest
girl today.

28 We went to the woods for
get out two saw logs,
but the snow was so
deep that we had to draw
it out by Sam Graham
so that we only got out
one and took it to town.

March

Wofford March 28

28 Went to a sugar party
at Irish creek had a
pretty good time.

29 Went to the sugar bush
and cleared the snow
out of the buckets and
then went and cut a
load of wood and drew
home. It commenced
raining about 1 o'clock
and rained the rest
of the day pretty hard.

Henry and I went over to
the sugar bush and gather-
ed 23 buckets of sap in P.M.

We got two large Photos
of Albert's wife today.

We tapped 60 trees on the
19 of this month but have
not made any sugar
up to the present time.
