

Jan 11th 1843

Tue. 11. Very cold. Thermometer 25.
This morning, but very fine
bright day. Melissa started
for Waterstown this morning
via the Cape we are all
thoughtful of her, as it is a
cold day and as yet we
have not heard if the crossing
is good all the way. It has
not been up till being late,
but we wish her a safe
voyage there.

Thur. 12. Another very cold day wind
East and very damp cold. Ther-
mometer 20° below. Cloudy
appearance of a storm

Fri. 13. Very fine but still very cold cold
day, a little fall of snow during
the night partially cloudy frost
falling (or very fine snow, received
a card from Melissa, all O.K.

Jan 14th 1843

Sat. 14. Beautiful day but still very cold
nothing of importance to record

Sun. 15. Another lovely, very cold day
Mrs. Warner out to Mrs. Buiters
went last night

Mon. 16. Still very cold but fine and
Bright Thermometer 15° below

Tue. 17. Still another very cold day
but fine and Beautiful

Wed. 18. Dull and cloudy but very
cold appearance of storm
commencing of the E. D. A. of E. Port
at Kingston

Thur. 19. Snowing this morning fall of
about 3 inches clearing of about
noon drifting a little fine the
rest of the day. I spent the day
in company with Miss Gusta and
Ida and John Warner and Mr & Miss
Latimer at Off Broors at night
we attended Church at
