

January Friday 1 1926

Made an excellent start in 1926 by spending the first three hours with Jean at a party at Cochranes. My first three dances were well-ones with Jean. Home at 4:20 making five hours sleep in three nights. Birds here for New Year's dinner. Good feed and retired early for a wonder.

Saturday 2

Felt better after a good night's sleep and everything went O.K. all day. Alex and Uncle Tom went to town at night but I retired early instead. Saw Barker girls down town in morning with their Dodge brothers.

Sunday 3

Home from milk route about 12:30. Alex helped me with the bottles so we got everything cleaned up before dinner. Worked at looks in afternoon fixed horses up for night, then drove up home with "King" and later down to Jacine. My first Sunday evening in 1926 a pleasant one with a ride in the Dodge.
