

WEDNESDAY, JANUARY 26, 1870.

I have had Charley splitting wood in the woodhouse to day.

I went out with the team to move Henry's things up to Pers Coffin's wagon house. We did as much as we could do to get the job done. I wanted to have got home in time for meeting but could not.

My soul longeth for ever fainteth for the blessing of the Almighty. The petition of my heart is continually going up to Him, and, thank be unto His name the witness of my acceptance is not withheld, I cannot doubt His word.

THURSDAY, JANUARY 27, 1870.

My man has been splitting wood to day at the woodhouse.

We had our Missionary Association to dinner to day with John Wakefield, J. W. German and George Ferguson. We spent also a pleasant and profitable afternoon with them.

Our Missionary Meeting to night was quite a success. The speeches were good especially Bro. Wakefield of Wincon. Captain DeHoll was Chairman. He acted well in his office. The deputation are staying with us all night.

I have been looking for J. W. Sprague to night, but I looked in vain.
