

It has been pretty cool to day but not so windy. Bill & more
came in before tea and looked at his truck wheel & got
his stone wheel implement. Dick saw the name of the wheel
to day. I went to see about the P. in which not but got put through.
Neither Art Smith nor I got any fanned. He went to bed
at 10 and

Wednesday July 26th

I slept late this morning as Daddy
promised me when all the work was done
I could sleep in the first morning. Both
Mr. Smith and Emery die Persson were
here before I got up and before we had
breakfast. Mrs. Smith brought Art
over with him to-day.

Bill plowed all day and is nearly
through. We worked around the tank
stable all day Daddy and Emery dug
the trench for the foundation and got
all the lumber straightened around
inside. Dick went down town this
morning and Byron Johnston came
back with him. I spoke around with
him and watched the painters a lot
to-day. All the men and Byron came
here to dinner and although the Smiths
nor Byron were here to tea Mrs. Lawrence
and Miss Lou were

Thursday July 27th

Bill was not here this morning when
I got up but came soon after wards.
Our men were here before we sat down
to breakfast. Art did not come this
morning he got tired yesterday.

Bill finished the glowing a little
after noon to-day. Mr. Smith got
the first coat on all over the house
and a coat of oil on the west side
of the wood shed, that is the only side
of it we will have painted.

Dick and Daddy took Joe and
Ginger and the boy rack down to
get the cement and a few other things
They did not get back till noon. They
brought Lill back with them who is
going to stay till she gets homesick again.
I worked around the driveway all the
morning. This afternoon they
started to put the wall in under
