

Thursday November 14th

Frank and I cut corn all day and got nearly 4 rows cut we figured that if we could keep it steady we could finish by Saturday noon but Neff came down this afternoon and wants us to go to Caledonia to-morrow to judge stock so that will prevent us finishing this week. It begins to look as if we never would get through. Dad plowed all day on the clover sod. It has been a fine day. Cold wind.

Friday November 15th

Neff and Charlie Blake arrived here promptly at 8:30 this morning and Frank and I were all ready for them. We went with Charlie in his car with Robson and Neff had Lige Nixon & Butter in with him, we had a fine day and visited Douglas, where we had a class in Theology and Sisters then Richardson's near Caledonia where we saw his Kalsteins, we had dinner in Caledonia and then went on out to Miller's who showed us his Clydesdale as well as a lot of pictures of famous Clydes in Scotland. We then went to Mrs. Turner's near Hamilton where we had a class of Agriology. We had supper in Hamilton and Neff went to his father's for tea. He met us later and we all went to Locow's. We left Hamilton at 11:20 and got home about one. Beautiful day. Mild.

Saturday November 16th

Frank and I cut corn to-day and made good time this morning getting 35 shocks cut but this afternoon we were delayed by Tom Thompson bringing his sheep down and also by a visit from Lige & Bude over Sweep's face so we only got one row cut (15 shocks). Dad didn't plow to-day but cleaned out ditches in the first field he plowed. He got them all cleaned out. Very mild and rather cloudy.

Sunday November 17th

It was raining when we got up this morning and has been cloudy and rainy all day but looked cleared off to-night. I drove Enah down to church but she stayed down to dinner so that she could go to choir practice this afternoon. They are having Thanksgiving service next Thursday night also to-day and next Sunday for Peace. I walked down after dinner and spent the afternoon and evening at the Mon Teiths but had tea and went to church with Auntie. Auntie Alice hurt her eye quite badly this morning with her umbrella.

Monday November 18th

It rained quite a bit this morning and has been cloudy & muddy all day. We spent the morning cleaning up the wood shed. Dad plowed this afternoon and Frank and I sorted out
