

had his wool with him to take to market I went down in his rig with ours. We had 4 5/2 lbs and at 15 cts - got \$ 19. Dad gets 1/3 of that. Frank gets 1/4 of what is left & I get the balance. Supper beat us by a dollar and he only had six fleeces to our seven but his were big get sheep, he had fifty something pounds & got the same price. We took it down here to Penmanis. Nye was working on Uncle Marks side hill so I went to see him about the roller that is here for us but he says it isn't the right one. This afternoon Dad buried the little cult. and I worked a little in the yard. Mrs. Dead Bowly came in to see Siddams I guess and Aunty & Enah went down town Aunty stayed all night. Ada & Hubert Laurie were over for awhile. Hubert was just here for a day or so. About five o'clock Dad & I drove Belle out to Jim Waddles. I went down to hand practice to night and didn't get to bed till twelve. Dick came home with me his new suit came today. Pretty hot. breezy. Tom Law's automobile up set last night the other side of James and nearly killed Harry Dyer and injured Tom. They thought at first that Dyer's back was broken but that report was contradicted later, but he is in pretty bad shape in bed.

Friday June 13th

Dad went down town this morning with the wagon and got five & a half spinners shoes. He also got Aunty Mandie's refrigerator. I cut a little lawn and chored around till noon. About twelve Enah heard the fire bell, and I set out hat foot for town but when I got over behind Nye's I noticed the smoke over by Mrs. Munro's. I got there just as Al Faulkner, arrived on the stump with the bus & fire pails. It was the house I think that Bill Philips used to live in, but is now occupied by a fellow by the name of Smith and is owned by Person. They soon had the fire checked but not before it had burned down the kitchen and part of the roof. It was late when we got through dinner, Dad and I went down to the mill to get some flour & chop. Dad took some grist down this morning when we got home, he went out and harrowed over the old garden, I didn't do any thing much as I felt lazier than a yellow dog. Mrs. Stey & Mrs. Battersby came over this afternoon. Aunty came over after noon she got a ride with old Lawset. Lila also came over to spend the night. Grant & I went down to the stump to night, the water was fine it was the first time in for me this year. It was very hot today.
