

April 25th uncovering strawberries
windy and very cool.

April 26th. Weeding peppers
etc. not quite so cool but
cold at night freezing
ice every night.

April 27th. Finished uncovering
strawberries the new beds
look green but rows very
light. old bed looks bad,
started transplanting tomatoes

April 28th. Planted Cucumbers
& sashes — also planting
some tomatoes in boxes —
4 1/2 + 5 in. think the 5 in.
are small enough some
slow work. also planted
1st Strawberries 12 Rows
next. Jerry's sack. Silvan
plants from Baldwin.

April 29 Sunday windy but
a lot warmer.

went for a drive out to
Carlisle. took a few
snaps by a creek there

April 30th. cold + shower
all day, planted a few
more strawberries

May 1st. Fair but cool
planting strawberries

May 2nd. Started planting
out Cabbage fine +
warm about 80

May 3rd finished planting
Cabbage 14500 and 500
Cauliflowers. warm but
partly cloudy. they
wilted quite a bit
but guess they will come
up that night.
