			<p>Fine sunny very warm looked a little like rain at times. I disked turnip land AM. Willie nailed fibre board in dining room. PM Willie drove down team in waggon to bring up second hand stove from Kems but didnt get it he brought drill plow shear from Dodge who could not sharpen it it being cast steel. We took land salt back to J L field spread it on turnip land after having harrowed it then we rolled it Willie put shear on drill plow again, a tedious job. We took Beatrix heifer young John heifer and Jersey calf up to Allans fifty in evening drove other cattle down to them from sand hill.</p>
