

City of Denver. From there we went up to Buck's post and played one piece there before tea. I had tea at Auntie's and we spent the evening playing in Orchard Beach park. Nothing very exciting happened to day. There was the usual run of sports, a baby show on the band stand being the only thing a little out of the ordinary. They had about 30 babies entered in it. Mrs. Percy Williams had hers there and asked me to hold it for her which I did for awhile. Chris Quinlan's baby took 1st prize. It was just hot enough to day to bring the crowd in but not un comfortable. I went over for a few minutes while we were waiting for the boat to see Alan & Dick Tschick and Quint. Alan said they had had their bathing houses full up all the after noon. Dick only got his bath about half built and his ice cream didn't come but he seemed to be doing a good business selling soft drinks and cigarettes. Pete Helmer new Casino opened today.

Wednesday

July 2nd

Frank was down town nearly all morning getting the rack fixed up and the new ladders put on. I raked up the hay that was cut and Dad raked

up. We both raked up all the after noon and Frank cut the other half of the field. Enah drove George and Marion down to the station this morning and saw them off. They both seemed to hate to go and we were all very sorry to see them leave. This morning at breakfast we both found a little bottle of grape juice at our plates with an appropriate verse from Amar Klaygam in Marion's writing on each bottle. After we had emptied them I filled hers and mine up with hard ciders and she took hers and I put mine away. "Till we meet again". Dick has been down town all day ordering new clothes.

Thursday July 3rd

Dad and I finished or nearly finished raking up what was raked by noon and this after noon we started hauling in. Dick & Frank pitched on and loaded. We got two loads in the barn from that field and then hauled in what was raked up in the field we are leaving for a while, about half a load there. We had it up by five o'clock and then I went back for the caes while the others pitched it off in the horse stable. Auntie & Auntie Alice were over to dinner. I was at band concert to night.
