

March Friday 11 1927

Another wonderful day. Dan and I trimmed up brush along Mum Piffers fence in the morning. Drove Cousin Eva and her up home after dinner. Checked my first experience dressing and cleaning oats for the show when I got back. Mother and Dad gave Jean and I a reception at night there were 108 present. Mable orchestra played lovely and maybe I didn't have some of the most wonderful dances with Jean.

Saturday 12

The morning after the night before and a real night at that. My stomach felt kind of funny but Dan and I sawed and split brush blocks just the same after we did the morning chores. After lunch we went to town and shipped them, did some shopping for Mrs. Barbara and I got some things for my wife for the first time.

Sunday 13

Rainy Sunday when my wife and I attended church for the first time as married folks. We were in church just 29 minutes from the time we left home in spite of the bad roads. Up home for dinner. We received 3 marriage presents, 2 from both Carl and Rose and 1 from the girls. God bless them all. My first Sunday morning that I remained at Hazel Grove and a happy one.

March Monday 14 1927

Dan and I spent the morning and afternoon down on the flats sawing and splitting up the big elm tree. Finished sawing about four o'clock but not until we had got quite wet as it came on to rain.

Tuesday 15

Hauled Charlie Meggs car out of side road in morning then drove up part of the bass wood tree. Jean and I drove Cousin Eva to town, inquired our bank account, and did some shopping in the afternoon. Fred of wedding cake coming home. Harold Fisher backed out of Ford Garage at 12 PM going at rate of 45 miles per hour and right saw into the river. "Mistake" alias "Miss Dinkie" arrived at Hazel Grove.

Wednesday 16

Finished bringing up the bass wood tree after we did the chores in the morning. Trimmed up brush along Piffers fence after dinner. At night Jean and I drove up home for a couple of sitting hens and when we got back Mr. Webster and Bernice were here.
