but a few erected by
the north in honor of
officers & Battalions
by each state they
came from. we only saw
a couple erected by
the South one of Gen Lee
and ^{one} of Carolina Brigade

of the army Round Top
Oak Knoll. Smaller Round
Top. Culps hill. where
we climbed an observation
tower + saw ^{all} the battlefield
it was cloudy & misty
and couldn't see very
good. There are five
towers. The cannons
are all supposed to be
in their original positions
(hundreds of them). They

only had ⁽²⁾ ~~two~~ breech
loading cannon in the
battle they came from
England + would shoot
4 to $4\frac{1}{2}$ ^{miles}. all the rest
had to be loaded from
the front. and would only
shoot $2\frac{1}{2}$ miles. One
of the biggest monuments

the Federal Cemetery

the center + the soldiers
buried in a semi circle
around it. a long strip
