Tuesday

317 TO COME

Chlor-Anemic Blood States.

To obtain lasting results and rebuild and revivify the depleted blood of the anemic invalid, permanent reconstructive measures must be resorted to. **Pepto-Mangan (Gude)** furnishes not only a stimulus to vitality, but also a general reconstituent in all cases characterized by hemic poverty and general denutrition.

Weather

Temp.

snowed enough last night, had it have been wet for sleighing, but as it was like sand, it was no good. John has been helping Ed Thompson all day more his own horse Grace road with Nell Baker & I went for her to night. I think is better. I stopped in to Ed Thompsons a little while on my way after Grace. I killed Hellos first - quilt to day. Milla did the work
