May 11, 1906.

Dr. Boss, Breslau, Germany, says:

"I have the pleasure to inform you that your **Pepto-Mangan** has been used with excellent results in a case of anemia. The distressing headache, as well as the general bodily weakness complained of by the patient, was removed within a comparatively short time."

Very cold. I washed clothes
would freeze before I could
hang them on the line.
John was to Cyliner for boards
to make a new gravel box
& made it. Then Mrs. Manion
