MAY MONDAY 7 (127-238) 1923

fine day Tommy Grey and I finished setting the posts and we stretched the wire in the afternoon. Geo. Moore helped us for a while. I went back after supper and hung the big gate Mamie and I wrote untill quite late tonight

TUESDAY 8 (128-237)

fine warm day I took off the old fence between the Gray lot and the Hartely lot and put on some of the Bark wire on top of the fence on the back street in the forenoon I put on one strand of Barb wire on the rest of the fence in the afternoon rained hard tonight Luella went to Lyndhurst with John Dormer I attended the Office

MAY WEDNESDAY 9 (129-236) 1923

cold and cloudy with a little rain I went up to Tommy Grays and paid Will Stacy $1/6^{65}$ for wire and staples for my share of the wire we bought from him I gave Geo. Moore 3^{50} for my share of wire bought from him to fence the Gray lot. I had dinner and took Dr. Young over to Bert Blackmans on the old Edward Stewart place in California came home and I finished up putting on the Barbwire on top of fence on Gray lot, we went to bed early tonight

Ascension Day (Quebec) THURSDAY 10 (130-235)

quite cold and cloudy today I got out the poultry netting to build the new yard so cold I had to quit around Office balance of forenoon I put on another Pulley on line shaft in the Cellar after dinner and Mamie and I did a very large washing in the afternoon I got word tonight that my offer for the Royal Bank property was accepted over to Office untill quite late tonight
