

May Sunday 16 1926

"Star" car and gang were at Barber's when I arrived. But left shortly after. Helped wash up the dishes and then Jean and I went for a shot but very pleasant drive which turned out to be our last "buggy ride" behind Jean.

Monday 17

Rather tired at night after another so-called "Blue Monday" so hit the hay early.

Tuesday 18

My sixth pay day since I started working for Bendemere Farm. Naturally I deposited almost all my wages to make up for withdrawal a few days before

May Wednesday 19 1926

Used Jean of Bendemere on milk wagon for last time. She was very restless. Mr. Sifu took some snaps of her with his big camera. Alex, Jimmie, and I drove to Bradford at night to look for a new horse.

Thursday 20

Took Tom of Bendemere on milk route for first time and got along alright even if he was "powerful" green.

Friday 21

Charlie drove "Dolly" down and we traded horses. Jean called around for me and took me to U. S. Y. P. O. meeting at Maus school where they elected me President. Carl and I lost interesting debate to Wm. McKuen and Miss Mitchell.
