

Saturday November 5th

It has been cloudy and raw all day but didn't rain so Dad and I got in two more loads of mangels and put them down cellar in pretty good shape. Mary and Enoch drove down with Mervin this afternoon to wish Aunty Alice a happy birthday and Mary stays down and went to a tea party at Bessie Patterson's in Mary's honor. Mr. Cornish was over this afternoon for a few minutes to give Enoch the numbers of two of Canon Scott's hymns which he wanted for the soldiers service tomorrow. I went down to a Texas boys meeting and met Mary at Hubby's. Aunty & Aunty Alice were there having been there for tea to celebrate Aunty Alice's birthday.

Sunday November 6th

Mary, Sid and I went down to Sunday school and Dad & Enoch drove down to church. It was supposed to be church parade for the veterans and about 26 were in church but there should have been twice that number. Sam Morris got the thing up and waited them in an off hand way so that a great many didn't come. Mary and I stayed

at Aunty's for dinner and most of the afternoon. Glad Law invited us up there for tea so I went home early to do the chores up and then went and called on the McJennets before she went to the Paces. Dad thought it would make the milking too early if we did it before tea so we let it go and didn't milk at all. Mary and I had a very nice tea and evening at the Law's and then as it was raining hard when we came away we went down and stayed at Aunty's all night. Cold & cloudy, snowed a little.

Monday November 7th

I didn't get over till seven this morning as I overslept so by the time I got my clothes changed Dad had finished milking. We got in two more loads of mangels to day and Peter is still about one load out here. Enoch has been down looking after his father all day as he has had a bad attack of neuralgia but is better to day. This was Thanksgiving day and Sid has had Billy Cornish over all day to play with him. They make a lively pair. Dad, Mary and I had a lot of fun with them. Nanny, Gordon Zealand and young Dallan
