

August, 1929.

25 Sunday. Hot and sultry. Walter & Ella took Betty home today and had their dinner at John Metz's and supper at Frank Hamel's.

26 Monday. Warm day. Turned very cool tonight. Walter cut the last piece of late grain this morning and took grain to Alma this afternoon. Vernon stoked. Ella did the washing.

27 Tuesday. Very cool & cloudy. The men went over to Enoch's to help finish his threshing and arrived home around 4:45 p.m. and gathered burdocks until dark. Ella went to the P. E. C. Assembly held in the Collegiate at Kitchener with Noah Miller and some girls tonight. Mr. Kittel of Linwood was Walter's evening visitor.
