

To see Dorothy in the afternoon and
Duncan was back in the evening.
D's temperature hardly 99° at bedtime.

May 19th -

Saturday. Showery. Dorothy's temperature normal in
the morning. The Doctor was up in the
afternoon - found D's condition satisfactory.
Mrs. Green here. Frances and Hannah
~~Peter came~~, Vi Mai was here in the
afternoon, also Mrs. Graham, Ted and
Duncan and just about 6 o'clock
Gen King came in for a few minutes.
In the evening Dorothy Engel drove up
from Harrow and came to see Dorothy.
Duncan here all evening working
at the radio. Clare came in the
late train and called in here on
her way up the hill. Dorothy's temperature
 $99\frac{3}{5}$ at bedtime - too much company
I suspect?
