

August, 1931.

5 Wednesday. Hot day.

The three men helped to thresh wheat at Noah Miller's and finished around 2 p.m. The Alma people held the opening of their new ball park and over 4,000 people attended.

6 Thursday. Another sweltering hot day. The men cut the strip of oats beside the corn yesterday p.m. when they returned from Noah's. Today, Walter went to Elmira this morning and the boys plowed for a while. They were cutting and stooking the rest of the day.

7 Friday. Cloudy and cooler

The men were cutting and stooking. This afternoon a part on the binder wore out and Walter got Sol. Lichty to fix it. They went to Elmira for repairs and Mr. Lichty was here for supper.

Alvin Schmitt (Smitty) and Miss Simpson of Kitchener called here on Civic Holiday.
