### A Normal Proportion

of functionally active red cells and hemoglobin, renders morbid invasion unlikely, in the presence of an epidemic of La Grippe or other infectious disease. **Pepto-Mangan (Gude)** aids the restoration of normal blood integrity and potency in anemic, marasmic and generally "run down" conditions.

Weather

Temp.

A fine warm day & very muddy. Girls drove to school. Two men here wanting to buy sheep. Men husked corn in the barn this morning, and this afternoon, was ploughing the gardenis, didnt get the one down by the woods finished. Ed Thompson bought a pig at Kingsmill today.
