WEDNESDAY 11

1874

Completed the plowing for this year, by finishing the worn ground, cleaned the plows and stored them away for winter quarters in the shed. Have plowed this fall about 29 acres beside the 13 acres of fall wheat and rye. Farming up peas threshed by J Sewell, have about 70 bush of this years crop threshed.

THURSDAY 12

Built a stone culvert over the road ditch at the front gate, in place of the old plank bridge. The stones used were large square sided stones gathered from the fields. Had a call from Mr. ^{William} Green of New York is a smart-looking young man engaged extensively in the livery business. Hard frosts these nights.
