I rose and made the fire, I am always fire man, the boys are off to school. I attended to the house work, and then baked a Christmas cake, and I iced it and trimmed it, I always like to have a small one.

THURSDAY 22

Wea.

This is the last day of school for this term and it is a dull day. I baked bread and buns in the forenoon. I did not do anything in particular ^{today} as I have the Bronchitis, and it is not very pleasant.
