201 DAYS PAST

Saturday

165 TO COME

The Chlorotic Anemia of young girls is peculiarly responsive to the prompt and certain blood building action of

Pepto-Mangan ("Gude")

Many series of blood tests have definitely proved its value in this and all Anemic conditions.

Weather

Temp.

A warm day
finished halving in the
wheat for Kang; Mr. Leute
helped. Maude went to
the mill for bread. Melba
& I went & got peas for
Sunday dinner. Mrs Van
Wagoner went with us

Maude 6
