308 DAYS PAST

SUNDAY

58 TO COME

Mobile retroflexions that resist manual reposition are often easily and painlessly corrected by placing the patient in the knee-chest position and then depressing the perineum. The sudden inrush of air balloons out the vagina and this effects the desired result.—*American Journal of Surgery.*

Pepto-Mangan (Gude) is the standard in the class to which it belongs.

A lovely day, bees was out Mrs Leaverly & the girls were out for tea & spent the afternoon. I was over to Mr Lopez a few minutes. The West was home all day. Maudie wasn't so well last night. The Dr & Bert was here about two in the night. Mr Edward Aude was here a few minutes this morning.
