243 DAYS PAST

122 TO COME

Anemia Without Apparent Cause,

i.e., the Idiopathic Anemia of the older writers, is promptly corrected by the regular administration of **Pepto-Mangan (Gude)**, combined with judicious feeding, due attention to hygienic requirements, and the relief of a constipated habit.

Weather

A cool day

Temp.

Boys helped. I hid all day thrashing & to night - went down and got oats. Mella went to Kings mill for nails. Then after dinner Gals went for their music lessons. Mrs McEay & Cecil was out & got Mrs McEay's onions. I been pickling pears. Mr Ellis put part of the kitchen roof on & expects to finish tomorrow. Had a white frost last night - but Anne Garner to night -

Maribel to Billie &
