

Sunday July 26th

I didn't get up till very late this morning and have been off the place all day. I just chored around & slept & read. and to night wrote a letter to Aunt & Aunty Alice and another to Ray. Frank went down to church and Sunday school this morning and has been riding around on his wheel the rest of the day. He went to the stump for a swim to night. Dad, Enah and Liddums drove over to John Wess Mr. Brides this morning before Lid. had his morning sleep and he hasn't slept a wink all day. Dad. tried to have a sleep this after noon but Liddums wouldn't allow it. Dad. & Enah wanted to go down to the Methodist Church to hear Mr. Cook sing but Liddums wouldn't go & sleep and was inclined to be cranky so they didn't go. Dick got home late to night hummed to a crip. I guess he didn't enjoy his sail as much as he expected. He and Hagen didn't get out of the boat till Sunday Morning and they left here at six o'clock Saturday night but there was no wind. They went over to Rogers's Island where Joe & Paul Long joined them and they went in for a swim. They saw Harriet & George Hamaker over there. They had a good sail home they left at twelve and got here about two o'clock. Parold A. M. Todd formerly of the Maple Leaf had to-day of heart failure while in bathing in the lake. They didn't

find his body till about three hours after words when some people happened to run into it. No body missed him. Fair day.

Monday July 27th

We un-loaded the load of alike we had on and got in one more and un-loaded it before dinner. We got out right after dinner and managed to get in three by half past six. It is very slow stuff to handle it is so heavy & sheet and lead. Huly and Frank hunched up the first load. and then Frank hunched all the rest up this after noon. Frank Odd. came for Dad. while we were at dinner to go and see one of Hemming's horses so Huly and Frank pitched in after dinner till Dad got back. Enah went down town this after noon to practice in the hall with some of the ones at the concert. Mr. Johnson brought Lila. Liddums & her home at six. Lila and Liddums stayed but Enah went back. Huly went down with them. She left word that Mr. Crocker never showed up and that Murray was coming upon the evening train and she wanted to practice with each of them. She got home about eleven and said that Murray didn't come and no Crocker could find he found any where. She forgot and left to-day's paper down town but Lila says it reported blood shed in Ireland. Cool and pretty breezy all day. We thought at noon we would get a rain but it seems to have passed over.
