

Dick, Frank and I went down town to night. Dick went to the dance and stayed down town all night. I hummed around town awhile and then went and got my hair cut. Mr. & Mrs. Millman & Nita came up in the care this afternoon and are going to take Percy and Kathleen back to morrow. Pretty hot and rainy looking.

Sunday August 25<sup>th</sup>

Lid. and I went down to Sunday school this morning but as no Bible Class teacher showed up I went over to see Hagen Waddie who is home on a weekend leave. I had seen him since he got into uniform till this morning. I found him at breakfast in company with three damsels two of whom were strangers to me and the third one Miss Shifty. Hagen seems to be standing the army racket pretty well although he says he is just getting over a little attack of Phosphen poisoning. He told me he was talking to a returned man the other day who in the course of conversation asked him where he was from and when Hagen told him his home town was Port Dover, the fellow said "That's funny, I could show you a place in France where there is a stick in the ground with a board on it

on one side of which is written "Here lies a filly" and on the other side is printed "The Port Dover Canning Company". I went to church from there and sat in the front seat with Auntie, Aunt Ida and Dick, but Dick and I slept most of the time. Mortimer Brown was again the preacher. Dad. drove Cash down with Green as Joe is lame from some unknown cause, and so Dad. didn't stay to church but drove home. Cash and I went down to Auntie's after church where we ran across the Millmans and Mr. Millman drove us home in the car. Ruby and Dick come over with us but went back to Auntie's with Mr. Millman for dinner. I read and slept all the afternoon. Frank went down town and for a swim in the lake with Lloyd Raper and Dad. and Lid went down to the mill for a swim but I guess just paddled around in the creek. John Dunning come over after Dad. to night and he went over with him to see his sick cow but Dad. said it was all right. Wilbur Raper came in to night to tell me that if I went over to Lappers in the morning I could go down to Douglas with them. Frank said that the Millmans went to turn the car around down in front of Auntie's this afternoon and backed the thing right down the hill on to the
