

April 9

Monday 9

Sprinkled and snowed a little. Cold all day. Ground froze hard last night and it thawed very little to-day. Mother and I went to Aylmer this morning to get Mother some medicine. Harry helped do up the chores this morning and then went home. John Matthews nurse's father was buried to-day. Asmond came out for dinner. He and I went to Eugene's to return syrup bottles, and to Appleford's and got my dress and coat. Then we went to Aylmer and I got my hair cut; first time in weeks. First time I have been to Aylmer since I had jaundice. We made all our trips by 8th Cavalry. No cars have travelled this road for two weeks until we went to-day.
