756 miles with the
car and 15 miles on

for 34 gallons. it figures
out 22 miles to the gallon
and bot 2 quarts top
oil 50¢. Trip cost us
\$54.35. also \$5.00 to

July 19th. Resting up today.
In the afternoon thirty
started again. Alan
fell out of all grapefruit
tree and broke his right
arm.

July 20th. Alan says his arm
does not hurt we are
having a time watching him
so he dont hurt it again.
Went west to the fair tonight
only 10 cts at night. It
is the Central Florida
Exposition, as they call it.
They had a few good
exhibits of fruits. and
chickens but not much
else. but the midway
seems to be the main
attraction. They have
Johnny Jones shows
and it is quite good
fireworks pretty good too
