

Sunday June 5th

Frank and I drove down to Sunday school and his
wheeled down. Frank stayed down at Sunday school
dinner and Dad & Euch drove down this afternoon
and he drove home with Euch. Dad walked back.

I spent the afternoon reading "As you like it" to Mary who
feels very sick. She says she never was so sick in
her life before. I was going to sleep on the sofa in the hall
to-night. Sunny but cold wind. Looks fair.

Monday June 6th

As we were completely out of wood. Dad & I had to
go back this morning with the wagon and haul up a
small load. We didn't get started very early and it
spoiled the whole morning for us as it took quite
a while going all the way back opening gaps & fences
getting around in the woods loading & unloading.

This afternoon I planted the rest of the potatoes and
Dad harrowed them in and plowed in the furrows.
He also worked down the rest of the patch for manure.

I went down to band practice to-night and went & saw
Dr. Cook for Mary, she still feels miserable, but better than

Tuesday June 7th

Tom & Mark came over this morning with their teams
& plows and they & Dad got in a full day plowing
corn ground over between the oats in the long field &
the side road. They got a lot of ground turned over but
it is hard in spots and will take a lot of work.

This morning I did up the chares and then took
the little team out and rolled & harrowed the potato
& manure patch and started to sow manure. I finished
this afternoon getting in fifteen rows. About four o'clock
I went out and started to roll down what they had
plowed. We were pretty late getting through chares
as I didn't get the cows up since they stop plowing
till after six. Mary felt better this morning but
her head was aching badly again to-night. Frank
feels better but the doctor told him to be very careful
of his head so he can't do a thing in the shape of
work. Fine day but hot. Looks like more rain.

Wednesday June 12th

I have not had a chance to write in this all week
as we have been trying to wash the corn ground
