217 DAYS PAST

148 TO COME

**Pulmonary Phthisis-Neurotic Dyspepsia.**

An M. B. of London, Eng., writes: "I ordered Pepto-Mangan (Gude) for a patient suffering from pulmonary phthisis, who is subject also to neurasthenia and dyspepsia of a neurotic type. It agreed very well and the patient has continued to take it ever since."

Weather

Fine day

Temp.

Threshed at the north  
place wheat 2/5. Barley  
1 & 8 bushells. Didn't get  
home until half past  
nine I had the thirteen  
cows all milked. Took  
a load of grain & had  
Lewis chop it. Bert came  
& brought my harness for  
the thrasher. Polly 1/2 Dell 1/2
