251 DAYS PAST

114 TO COME

No Stomach Disturbance—No Constipation.

A London, Eng., physician writes: "I have formed a high opinion of Pepto-Mangan (Gude); I have been giving it to my wife with none of the ill effects which, in her case, have always heretofore accompanied the use of iron—i. e. stomach disturbance, constipation, etc. She has gained in weight and feels generally better. I find that the best way to give it is in milk."

Weather

Temp.

Very cold, almost
a frost last night
John was working on his
wheat ground & Joe was
thrashing for Mr. Cox. Alina
was here for a minute she
and her mother, was down
to the institute. The girls
drove to school. I irced
to night & did up some
pears & crab apples

Billy 6 Polly $2\frac{1}{2}$ Dell $2\frac{1}{2}$

Engene was over for a few minutes
