

**Thursday, November 28**

333 DAYS PAST

*Friday*

33 TO COME

**The Potency and Integrity of the Blood**

must be restored in conditions of general vital depletion. **Pepto-Mangan (Gude)** eligibly supplies the necessary material for such hemic restoration and systemic reconstruction, in palatable, tolerable, readily assimilable and promptly efficient form.

**Weather**

**Temp.**

*Snowed this afternoon  
Melba & I went to Ayler  
then we went down to Mrs  
Showers & her Shovers sent  
John, a steam wife & Grace  
went home. John drove  
two loads of gravel.*
