

JULY

TUESDAY 2

(183-182)

1907

I started Kenneth & Henry boys in  
beets then went to C. G. H. home.  
weather very cool for time of year

WEDNESDAY 3

(184-181)

Working in sugar beets  
Swarm of bees came out and  
heavy white frost last night  
cutting potatoes & other tender plants  
Corn left in places but damage  
generally seems to be great

\* Frost - last night
