

Wednesday October 22<sup>nd</sup>

Frank and I went up to Paris this morning to help him fill his silo and were there till about half past three when we got it full. They had a good run. I was in the silo all the time tramping. I think Dad got the fork in pickle. I went down town to night. Friday

Thursday October 23<sup>rd</sup>

Frank went over to Mack's to fill silo this morning and was over there till about three o'clock when they finished. I went out with Dad. this morning to help him get started plowing as Pommers was feeling pretty frisky. I spent the rest of the fore noon picking apples and only got about two baskets full. They were so scattered on the trees. I went out after dinner and helped Dad strike out and then came up and shingled. Dad. has had a very long time to day.

Friday October 24<sup>th</sup>

Dad. has plowed all day. his knee was much better. Frank & Sid. went down in the buggy this morning and got a few tiles to fix the end of the tile drain

out at the side road. This afternoon he has done odd jobs. I have been shingling all day on the chicken house roof. Went down town to night. Friday

Saturday October 25<sup>th</sup>

Dad. started to plow this morning and I did a little more shingling but early in the fore noon it started to rain and we had to quit. Dad. got soaked coming in from the field. Tom came in and he was pretty well drenched too. Frank went to Simcoe to get some plow shears. It rained pretty much all day. I didn't do a thing but sit around the house and read.

Sunday October 26<sup>th</sup>

Raining again this morning but not hard and Frank and I went down to Sunday school. the rest came down to church. I stayed at Auntie's for dinner and Mary's. I spent the afternoon at Miss Martin's. I came home early and helped Dad. do chores as Frank was off at the Ward's with Gilly and Dad. Ernie & Sid went down to a duck supper at Haby's. Rev. Okey was there. I had my tea alone and went down to church and spent the evening at the Ward's.
