53 TO COME

Three Essential Desiderata

in any pharmaceutical product are palatability, compatibility and miscibility. The agreeable aromatic flavor and the ready compatibility and miscibility of **Pepto-Mangan (Gude)** with almost all fluid media, render it especially acceptable to infants and children of tender years. This is a practical advantage that can scarcely be overestimated.

Weather

Temp.

Maud and Mother packed bees. Maud and Auntie went to town just before supper. Auntie made salt yeast and hop yeast bread ha ha. Mother went up to Uncle Levo's for to get her grist ground. Eugene was here for dinner. Charlie Marchant came and got the lambs. A very nice day.
