

February 1927.9

24 Thursday. Beautiful spring-like day. Vernon took Burnett's and Bender's meat to Alma this morning. Walter shipped hogs at Elmira and went to Loch's sale this afternoon. He brought Grandma Kruter home with him. A motorist came up as far as our lane but had to turn around there as this piece of road up to the corner is bad. Simon Burkhart was our caller.

25 Friday. Cloudy. Raw east wind blowing. Walter butchered 4 pigs at Jake Bender's today.

Mrs. Noah Miller and Debra visited us this afternoon. Margaret came over after school and they were all here for supper.

26 Saturday. Fierce snow storm. The men worked around the barn and Charlie Miller called on them this afternoon. Ezra Maurer was here for dinner yesterday and he and Vernon got the pigs at Loch's.
