106 DAYS PAST

169 TO COME

Obstinate Hiccough.

Afer thorough cleansing of the prima via, mechanical pressure on the diaphragm would seem to be a reasonable procedure. With this end in view Kanngiessen administered 5 Gm. of citric acid, and immediately afterward an equal quantity of sodium bicarbonate. The hiccough ceased at once, and the patient had several hours' sleep before the annoying svmpptom returned.

After feeded 4 gallons of cotton to be able

are little Pate & Robin

Weather

Temp.

Warm & rained a little. Girls went down to Charles Marchant's for real hearts & tranges. Then after dinner the girls went to Kingsmill Store. After they came back they waited untill Joe & I picked the cherries up on lewise place & Mella & I got enough to Raspberries for a big dish full. Then we the girls & I went to Ay lney for the wait got me some fruit to make my some Appours. Johnny & the neighbor met about 12:30 this afternoon to
