348 DAYS PAST

Friday

18 TO COME

Jan. 10, 1907.

Dr. B. C. Wilson, Clarkson, Ky., says:

"I tried the bottle of **Pepto-Mangan (Gude)** on a case of pernicious anemia superinduced by chronic malaria, that had not been benefited by other preparations of iron, and while I did not make a blood count, the patient was undoubtedly quickly benefited by the preparation."

Cold Maudie went to school
Melba took her & then Melba
& I went to Ayler after
dinner & bring the Maudie
home sold Mrs Pickering
three chickens & two dozen
eggs. Got some of our Christmas
presents, John went to mill
in the evening, George
Davis was here & bought
two dozen bunches of
celery
Billy & Mike Maudie to
