23 DAYS PAST

343 TO COME

It Has Been Demonstrated

by such German scientists as Bunge, Hamburger, Schmieberg, and others, that of the different preparations of iron, only the organic form can be absorbed and assimilated in any appreciable quantity; that only organic compounds of iron are taken up and make hemoglobin. **Pepto-Mangan (Gude)** possesses these qualities; it is an organic solution of iron and manganese, as manufactured by Dr. A. Gude & Co., chemists, Leipzig, Germany.

Weather

cold ground

Temp.

frozen & roads as rough, as
can be. Eugene & Alvia came
over for dinner & drove old Billy
back & left Lydia here again.
Coelin was over this afternoon &
stayed for tea. Maudie is not
so well. Snow all gone. Mrs
Pound had a stroke to day, that
is Cecel Bayters grandmother.
We have been home all day.
